Power Semiconductor Device Manufactures

用芯智造美好生活

Creat a better life with you heart Lingxun Microelectronics

Company Profile

Guangdong Lingxun Microelectronics is a national high-tech enterprise that focused on R&D, assembly and testing, sales of power semiconductor devices. Currently has more than 180 employees and more than 10000m² area. We provide over 600KK power semiconductor devices per annum.

We provide customers with high-quality, highly reliable power semiconductor devices and comprehensive technical support. We do have main product series include Schottky, FRD, LV Schottky, HV MOS, M&L Voltage MOS, Cool MOS, IGBT Singlediodes, and SiC, GaN Diodes etc. Widely used in various fields such as Power supplies, Battery management, Motor drive, LED lighting, smart home appliances, brushless Motors, inverters, etc.

Lingxun Microelectronics is committed to becoming an excellent manufacturer of power semiconductor devices. Cherishing every trust from customers, employees, and partners, and strive to provide sincere and enthusiastic service to customers!

Welcome you to visit our factory!
